Dear Folks:

I am writing to thank you for the excellent service that your company provided recently during the move of my St. Johnsbury office from one location to another. The earlier preparation and actual move on December 29, 2011, went very smoothly.

We want to particularly thank the crew, Ron and Dave, for the work on the 29th. As it happens, it was one of the coldest days of the winter so far, and they and my staff members had to deal with icy parking lots and cold wind. These workers were helpful, professional and good natured about everything, and they accomplished the move of some heavy furniture and many boxes very efficiently. They also assisted with placement of the heavy items in the new space so that they would work for us.

I heard from my staff that Ron said he had also worked several years ago on the move of my Burlington office from Bank Street to its present location on Church Street.

I am aware that the arrangements for the move were made through GSA representatives who assist us with these matters; however, my staff and I wanted to personally thank you for the excellent service of your representatives.

Sincerely,

Bernard Sanders
United States Senator
